CS200T
Cropping box for ZH420UST ultra short throw projectors

- **Cropping box for ZH420UST ultra short throw projectors**

- **Enables easy auto blending using ZH420UST built-in camera**

- **Compact 1U form factor for rack mounting installations**

- **2 outputs - connection and control of two ZH420UST projectors as standard, expandable to 4 with optional expansion cards**

Crop and blend two ZH420UST automatically using the projectors in built camera. Software application available on Windows OS.

For those looking to manage more than two ZH420UST projectors, additional output cards can be added. (Crop and blend up to four ZH420UST projectors total per CS200T).
